

Hi Sarah,

I was able to sign up for yelp and give you a review!! See Below. I am sending you the pics in a separate email.

All I can say is... AMAZING. I threw a private party for my Sister's baby shower here and I can't say enough good things about them. I am a bit of a perfectionist and Nobuo exceeded all of my expectations. I was looking for a quaint and intimate setting to have this baby shower and boy did I find it.

It was a beautiful day, so we were able to enjoy the private patio area as well as the inside of the restaurant. This was perfect for the 26 guests that attended. We enjoyed 'passed apps' to start. The Teeter Tots are AMAZING and my new favorite thing! All my guest who didn't think they liked tofu were in love with these tots. We also had 'watermelon and goat cheese' and an eggplant app (both very tasty) followed by a buffet style lunch. This was not your ordinary buffet! The food Nobuo prepared was so delicious and all the guests enjoyed. We had Panko Fried Soft Shell Crab Sandwich, a pork Cutlet Sandwich, and Ebi salad. At first I was worried that some of my family who were not accustomed to this type of food would be turned off by it. Much to my surprise everyone couldn't say enough good things about the food. Even if you aren't having a private party you must go just to try the food.

All of the staff were helpful and professional. Sarah made everything easy and wonderful. From start to finish no detailed was missed. We started to plan this event a few months in advanced and she is very easy to work with. She will collaborate with you and make sure that what you envision for your party becomes a reality. I feel that she went over and above as did all the staff. They took care of my guests and were attentive to their needs. I have thrown a good amount of parties and this by far was not only my favorite but the easiest one I have done. I was actually able to enjoy the day with my guests thanks to the amazing staff.

I looked at many venues when planning this party and I am so glad I made the choice to have it here. Not only was the venue, staff and food perfect but the price was right too! If you are thinking about having a private party you must check Nobuo at Teeter house out. They really go over and above to accommodate you, your guests and your budget!! You will not be disappointed!!

Hi Sarah,

So nice of you to follow up. We had an amazing time, and more importantly, it was exactly what Erica wanted. As I told Nobuo before I left, you were fabulous to work with. Your assistance and support made the entire evening flawless. We appreciate you being so detail oriented and giving us a truly wonderful evening.

Please extend our compliments to Nobuo. The food was creative, original, and outstanding. In fact, there were several items I wouldn't typically try and ended up loving. We also really liked not having to make any decisions when the entire menu looked so good--the food just kept coming and everything was delicious. Please also extend our thanks to Juan for providing such excellent service.

We will definitely be back, but please let us know if you host any special events. And if you ever need an endorsement for the restaurant, please don't hesitate to contact me.

Thanks for making my wife's 40th birthday so special.

Best,

Danny

Hi Sarah,

Once again, everything about our evening was perfect. My mother-in-law could not have been happier, and since we were there for her 65th birthday, neither could we. We greatly appreciate the hospitality that you and your staff has shown us, and of course, Nobuo's tastings were out of this world (I mentioned to him that I don't even eat sashimi or any raw fish--except his!). Please pass along our compliments to Nobuo, the kitchen, and the wait staff.

Thank you for your continued assistance--it has been a pleasure to plan these evenings with you. As I mentioned, we are happy to support you, Nobuo, and the restaurant, so please feel free to let us know how best to do so.

Hope you enjoyed your day off today. We'll see you on NYE.

Best,

Danny
